

Model Series: YG-532 • YG-533 • YG-534 • YG-535 • YG-536 • YG-537

Product Type : TIG Ceramic Nozzle (Alumina Cup)

Pink alumina ceramic cups for TIG torches. Size numbers (#4–#10) correspond to outlet bore for gas coverage and access.

Part.No	Description	Cup size	Outlet Ø (approx.)	Torch series	Material
YG-532	Ceramic Nozzle (alumina)	#4	≈ 6.4 mm	Fits WP-17/18/26 style torches (and compatible)	Alumina ceramic (pink)
YG-533		#5	≈ 8.0 mm		
YG-534		#6	≈ 9.5 mm		
YG-535		#7	≈ 11.0 mm		
YG-536		#8	≈ 12.5 mm		
YG-537		#10	≈ 16.0 mm		

Features / Selection:

- #4–#6 for tighter access; #7–#10 for wider gas coverage.
- Use with matching collet body/gas lens and correct back cap.
- Durable alumina resists heat and spatter.

Applications:

- GTAW/TIG welding of steel, stainless, aluminum
- General fabrication, piping, and maintenance

Regulations / Applicable Standards:

- IEC/EN 60974-7 (torches and ancillary equipment—context)
- Confirm torch model (WP-17/18/26) before selection
